Brand Sources and Stamps: User Guide

Brand manual, vector logo sources, logo set and office stamps

BBM-BRAND-SOURCES-GUIDE
Companion to BBM-STD-95 Office design system

The original brand files of BABOOM at `BABOOM-BIM-STANDARD\01-TEMPLATES\03-BRANDING`. The everyday logos (PNG cuts) and the design system are in 01-LOGOS and 05-GUIDE; this guide covers the sources they come from and the office stamps.

1 Brand manual and vector sources

File	What
`01-LOGOS/00-SOURCE/BBM-LOGO-2025-EXPORTS.ai`	Logo source, Adobe Illustrator (vector)
`01-LOGOS/00-SOURCE/BBM-LOGO-2025-PRESENTATION.pdf`	Logo presentation, 6 pages (vector PDF)
`01-LOGOS/00-SOURCE/BBM-SOCIAL-MEDIA-MOOD-BOARD-2.0.pdf`	Social media mood board 2.0
`05-GUIDE/BBM-BRAND-MANUAL-1.0.pdf`	BABOOM Brand Manual 1.0

Vector logo available. `01-LOGOS\00-SOURCE\BBM-LOGO-2025-EXPORTS.ai` (Illustrator) and BBM-LOGO-2025-PRESENTATION.pdf are vector: use them for print, signage and large formats. Never redraw, stretch or recolour the logo; the Brand Manual 1.0 gives the rules.

2 Logo set

24 PNG files in `01-LOGOS\00-SOURCE`: brandmark, centred, left-aligned, right-aligned and short logo, each in full colour, dark grey, light grey, duotone white and white.

3 Office stamps

File	What
`06-STAMPS/BBM-STAMP-FOR-TENDER.pdf`	Stamp: for tender
`06-STAMPS/BBM-STAMP-OFFICE-UPDATED.jpg`	Office stamp (updated)
`06-STAMPS/BBM-STAMP-SETTINGS.jpg`	Stamp settings (how the stamp is placed)
`06-STAMPS/BBM-STAMP-TENDER-LOGO.pdf`	Tender logo stamp
`06-STAMPS/BBM-STAMP-TENDER.jpg`	Stamp: tender (image)
`06-STAMPS/BBM-TTB-STR-BOREHOLES-v01.dwg`	Title template for borehole drawings

Stamps are controlled. A stamp on a drawing means the office issues it. Use them only on drawings the responsible engineer has approved for that issue (IFC, tender). Never send stamp files outside the office or paste them into documents you do not issue.

Who to ask

The BIM team: questions, corrections, installs and new items. Do not edit files in the library; it is read-only for users.
